- **UTRtek / CMAS** Cave Instructor Examiner
- **UTRtek** Examiner Evaluator
- **WSE World Submarine Exploration** Team Leader

Diver since 1986 and instructor since 2004, during my diving career, I have obtained certifications from major Italian and international agencies: FIAS - SSI - SDI - TDI - IANTD - CMAS - UTRtek.

with UTRtek I took part in several expeditions of relief by scuba in various caves and wrecks. An important event is the completion of the Bracciano Lake circumnavigation: Together with Massimo Barnini (President UTRtek), we performed the entire underwater ride around the lake and realizing the first enterprise of underwater circumnavigation of a lake in Italy!
